Experience

Frontend Development Intern | Prodigy Infotech (Remote)

June 2024 - July 2024

- Created a responsive navigation menu, an interactive stopwatch and an interactive portfolio. Utilized HTML, CSS, and JavaScript to design engaging, user-friendly web interfaces.

Project

ChainOptima: AI Driven Resource Allocation for Scalable Blockchain Networks

- Developed a ChainOptima that predicts and dynamically distributes CPU, memory, and bandwidth to blockchain nodes, enhancing efficiency and reducing congestion.
- Integrated Layer 2 Scaling(using optimistic Rollups) to offload transaction-heavy operations, improving throughput, minimizing latency, and lowering transaction costs for scalable blockchain.

Community Page

- Developed a MERN-based alumni community platform to connect graduates and students, fostering industry readiness, knowledge sharing, and tech learning.

Skills

- Programming: C, Java ,OOPs, Kotlin , Solidity(basic)
- Databases: SQL , MongoDB
- Web Development: HTML, CSS, JavaScript (basic),ReactJ
- Problem-Solving: Data Structures & Algorithms
- Blockchain -Ethereum

Education

- Shri Ramdeobaba College of Engineering and Management , Nagpur (2022-2026)
Bachelor of Technology (Computer Science and Engineering)
- Sarwashree Junior College , Nagpur (2020-2022)
Class 12th (86.7 %)
- Arvind Indo Public School , Saoner (2010-2020)
Class 10th (89.3 %)

Language

- English (Intermediate)
- Hindi (Excellent)
